

Come to discover a small corner of our Verteillacoise countryside where colors, materials and Italian meal combine to offer you a unique and joyful day.

The day begins at 10:30 a.m. at La Chapelle - Grésignac in the "Création Vitrail" workshop (La Croix - 57 Voie de l'Europe).

Martine will show you all the steps to make a stained glass creation and will tell you about the colors and energies that make us up.

At 12h/12h30 under the veranda of the workshop our table will be ready to serve you an Italian dinette composed of:

Appetizers - Pasta - Vegetables - Cakes - drinks and coffee.

Around 1:30 p.m./2 p.m. at 800 mt, the "Art de la Laine" workshop awaits you in Nanteuil Auriac de Bourzac (2 rue du sansonnet).

Rosella will explain the whole process of making wool, starting from the fleece to the ball and if you wish, you can try spinning the wool with the spindle.

At 3:30/4 p.m. the day will end in our company but not yours, because around our workshops you can take walks to the Tourbière de La Chapelle, Tourbière de Vendoire and the feudal Motte of Grésignac.

Look at the attached map for all the information.
